

Latin Fire and Cello Soul

“Ever since I started working with my looping station in High School on Astor Piazzolla’s Libertango, I was inspired to make a show focused entirely on Latin music,” says Alex Prizgintas. Latin Fire & Cello Soul merges a medley of Tangos, Sambas, Bossa Novas, and “Cha Cha Chas” into a performance that delivers a fiery cello flare. “As with my other cello shows, I strive to share a repertoire which embraces diversity in addition to the classics,” says Prizgintas. Listeners can expect to hear some Rock influences with Santana’s rendition of “Oye Como Va,” as well as Coldplay’s pop hit “Viva La Vida” and some jazz through Chick Corea’s “Spain.”
